Subject: - Discrepancy in the death report 2015

Sir,

At the onset let me convey you the pleasure and delight from all of us as we have started accessing the online KA-HMIS data. We laid our hands on all the data sets which were very useful especially the district wise data of Bihar where entries have been made up to June-July 2016. However while downloading the death report for the year 2015 it was observed that 13 deaths have been reported whereas state as per their Final Annual Kala-azar has reported only 5 deaths (copy enclosed).

It would be highly appreciated if you could kindly reconcile the data and reach to a uniform figure so that both the data set matches and discrepancies accruing are avoided.

Yours faithfully,

(Dr. R.K. Das Gupta)
Joint Director
